Subject: GlobalChem presentations due tomorrow (Feb. 23) if possible

Dear Tanya, Martha and Christina:

I'm looking forward to our TSCA 101 session next week – Wednesday, Feb. 28 at 8 a.m. !

I just learned today that if we want our presentations to be in the “jump drive” stick that GlobalChem participants will get with their meeting materials when they sign in, our presentations need to be in by tomorrow, Friday, Feb. 23.

I'm sure you all have been having a week just like I have (BUSY). But it would be great if we could get these presentations done by tomorrow. (I haven't finished mine yet either so I feel your pain. I'm turning to them next right after I hit send.)

If you send your presentation to ME, I'll get them to the GlobalChem meeting people. If you can do this by tomorrow, that would be fantastic. If you can't make this deadline, when do you expect to get them in? Let me know that so I can inform the meeting organizers.

Thanks,
Sarah
